

## **Annex 7 – Mass Care**

Primary Agencies: American Red Cross (Red Cross)

Support Agencies: Capital Development Board (CDB)  
Illinois Board of Higher Education (IBHE)  
Illinois Commerce Commission (ICC)  
Illinois Community College Board (ICCB)  
Illinois Deaf and Hard of Hearing Commission (IDHHC)  
Illinois Department of Agriculture (IDOA)  
Illinois Department of Central Management Services (CMS)  
Illinois Department of Children and Family Services (DCFS)  
Illinois Department of Commerce and Economic Opportunity (IDCEO)  
Illinois Department of Corrections (IDOC)  
Illinois Department of Healthcare and Family Services (IDHFS)  
Illinois Department of Human Services (IDHS)  
Illinois Department of Innovation and Technology (DoIT)  
Illinois Department of Natural Resources (IDNR)  
Illinois Department of Public Health (IDPH)  
Illinois Department of Transportation (IDOT)  
Illinois Department of Veterans' Affairs (IDVA)  
Illinois Department on Aging (IDoA)  
Illinois Emergency Management Agency (IEMA)  
Illinois Environmental Protection Agency (IEPA)  
Illinois Guardianship and Advocacy Commission (IGAC)  
Illinois National Guard (ILNG)  
Illinois Secretary of State (SOS)  
Illinois State Board of Education (ISBE)  
Illinois State Police (ISP)

Other Agencies: General requirements for other state agencies, boards and commissions.

### **I. Introduction**

#### **A. Purpose**

1. To provide strategic and operational guidance and coordinate state support of mass care operations throughout short-term, intermediate and long-term recovery.

#### **B. Scope**

1. State supported operations are scalable and modular based on the scope and magnitude of event and capability and capacity of Authority Having Jurisdictions (AHJ).
2. A gubernatorial proclamation is required for certain assistance programs and processes.
3. A presidential declaration is required for certain assistance programs and processes.

4. For the purposes of the state of Illinois, the term “mass care” is inclusive of all mass care and emergency assistance activities.
  - a) Mass care activities include, but are not limited to, congregate sheltering, feeding, distribution of emergency supplies and reunification of children with their parent(s)/legal guardian(s) and adults with their families. Mass care operations occur within the short-term and intermediate recovery operational phases.
  - b) Emergency assistance activities include, but are not limited to, non-congregate and transitional sheltering, functional needs support services (FNSS) in mass care facilities, support to children in disasters, and support to mass evacuations. Emergency assistance operations occur within the short-term and intermediate recovery operational phases.
5. For the purposes of the state of Illinois, FNSS incorporates services that enable individuals to maintain their independence, including, but not limited to, the following:
  - a) reasonable modification to policies, practices and procedures;
  - b) durable medical equipment;
  - c) consumable medical supplies;
  - d) personal assistance services; and
  - e) other goods and services as needed.
6. End state will be reached when local resources are sufficient to assume and maintain coordination of mass care operations.

C. Policy

1. The AHJ over a resource will retain command and control of that resource throughout short-term, intermediate and long-term recovery.
2. State response will not be dependent on federal response posture.
3. The governor of the state of Illinois or designee will authorize and direct the use of state resources to provide support and assistance to mass care operations for internal and external organizations after consideration of both priority of need and cost.
4. At the direction of the governor or designee, state agencies without a direct response role may be tasked with providing agency personnel in support of mass care operations.
5. State employees and resources may be reassigned in accordance with the IEMA Act.

6. State agency personnel will be trained to the assigned mission and, to the extent possible, be made aware of potential risks involved.
7. Staffs from responding agencies, organizations, mutual aid agreements and/or compacts are responsible for adhering to operational policies established herein.
8. For the purposes of the IEOP, the Red Cross is deemed to be a state agency and operates under the Illinois Disaster Management System.
9. The Red Cross maintains administrative, financial and operational control over its activities and direction over its own personnel.
10. The IEOP will not supersede Red Cross response and relief activities nor shall it require the Red Cross to perform any services contrary to its policies and procedures.
11. Shelters and mass care facilities not approved by the State Emergency Operations Center (SEOC) may be supported based on resource availability.
12. Support to evacuated populations will be limited to state designated evacuation routes and resources.
13. Medical services provided at mass care facilities will not supersede local emergency medical services.
14. All services will be provided without unlawful discrimination as defined by the Illinois Human Rights Act.
15. FNSS will be integrated throughout all aspects of mass care operations.
16. Service animals will be permitted to accompany their owners in all areas where the public is normally allowed to go throughout all aspects of mass care operations.

D. Situation Overview

1. A natural, human-caused or technological disaster has occurred or is expected to occur.
2. Damage to critical lifeline infrastructure has hindered or limited initial response efforts.
3. Mass care and emergency assistance services are required.
4. Local capabilities and resources (personnel, equipment, critical facilities and supplies) are engaged in response and recovery efforts and are insufficient due to the scope, nature and magnitude of the event.

5. Whole community coordination is necessary to affect timely and effective response and recovery.

E. Assumptions

1. Spontaneous humanitarian relief efforts will occur.
2. Communities providing relief and services, both those in affected areas and hosting displaced populations, will require mass care support.
3. State assistance will be required to support local response and carry out short, intermediate and long-term recovery efforts.
4. Existing mutual aid agreements, memoranda of understanding, memoranda of agreement, intergovernmental agreements, compacts and service agreements will be activated.
5. Ad-hoc mutual aid agreements, memoranda of understanding, memoranda of agreement, intergovernmental agreements, compacts and service agreements will be required.
6. The Federal Emergency Management Agency, in its role as coordinating agency for Emergency Support Function #6 of the National Response Framework, will provide federal resources to assist and augment the state's capabilities.
7. Mass care operations will be prioritized against resource availability and capability and restoration efforts aimed at re-establishing critical infrastructure.
8. State assisted or coordinated mass care operations are required for an extended period of time.

II. Concept of Operations

A. General

1. The Red Cross in coordination with IEMA will execute mass care operations throughout short-term, intermediate and long-term recovery.
2. The provision of disaster services by the Red Cross or other agencies and service organizations acting under their own authorities will not be dependent upon activation of the SEOC or a gubernatorial proclamation.
3. Red Cross response and recovery operations will conform to the American Red Cross Board of Governor's Disaster Cycle Services Policy Statements and will be performed in accordance with American Red Cross Disaster Cycle Services Regulations and Procedures.

4. The SEOC will coordinate integration of state agencies, private sector resources, non-governmental, voluntary and faith-based organizations required for execution of mass care operations.
  5. For the purpose of mass care, the state maintains the following Annexes, Appendices and Plans addressing specific related functions:
    - a) IEOP Annex 17, Long-term Community Recovery, addresses Disaster Housing and Human Services.
    - b) IEOP Annex 21, Volunteers and Donations Management, addresses volunteer and donations management and administration.
    - c) IEOP Annex 8, Public Health and Medical Services, addresses public health and medical services available through a variety of state agencies
    - d) The Illinois Plan for Radiological Accidents (IPRA) addresses sheltering for nuclear power station response.
- B. Notification, Alert and Warning
1. SEOC notification, alert and warning of SEOC liaisons will be handled in accordance with IEOP Base Plan, Appendix X-1, Notification, Alert and Warning.
  2. Primary and support agencies are responsible for internal and support partner notification.
  3. IEMA will coordinate notification of Illinois Voluntary Organizations Active in Disaster and share information about the incident and response actions.
- C. Activation
1. The SEOC will provide state support through the activation of identified liaisons in accordance with SEOC Activation Level SOP.
  2. SEOC Activation Level Standard Operating Procedure (SOP) will be used to determine staffing levels necessary for damage assessment coordination.
- D. Communications
1. Communications throughout response and recovery will be conducted in accordance with standard operating procedures and managed using established procedures, processes and policies outlined in IEOP Annex 3, Communications.

2. Communications will be conducted in a National Incident Management System compliant manner utilizing clear-text and frequencies coordinated with the SEOC.
- E. Resource Management and Logistics
1. Resource management and logistics will be carried out in accordance with IEOP Annex 9, Resource Management.
  2. Resource management includes mutual aid agreements and assistance agreements, the use of special federal and state teams, and resource mobilization protocols.
- F. Reporting Requirements
1. Upon activation to the SEOC, all SEOC liaison officers (LNOs) for agencies having a primary or support role in mass care operations will compile and disseminate situational reports on mass care capabilities and services.
  2. SEOC information, intelligence and situation reporting will be conducted in accordance with the SEOC Situation and Rapid Needs Assessment Standard Operating Guideline.
- G. Implementation Requirements
1. Notification, activation, deployment, coordination, implementation and sustainment of state resources in support of mass care operations management will be approved and coordinated through the SEOC.
  2. Implementation of state-supported mass care operations is predicated on SEOC approval of a request for support.
  3. Coordination and sustainment requirements of mass care operations must be fully addressed prior to implementation.
- H. Safety
1. Response and recovery operations will incorporate operational priorities that include, but are not limited to, life, safety, health, property protection, environmental protection, restoration of essential utilities, restoration of essential program functions and coordination as appropriate.
  2. All mass care operations will be conducted in accordance with laws, rules, regulations and policies of local and county jurisdictions, the state of Illinois and federal government.
- I. Site Control
1. Mass care facilities include, but are not limited to, any of the following:

- a) state supported shelter sites as defined in IEOP Annex 7-X1, Shelter Support;
- b) fixed feeding sites and canteens;
- c) evacuation assembly points and assistance sites;
- d) staging and resource mobilization areas; and
- e) commodity distribution points.

J. Mass Care Goals and Objectives

1. Coordinate short, intermediate and long-term information and logistical requirements to sustain operations.
2. Maintain mass care capabilities and support resources.
3. Coordinate operational integration of response organizations.
  - a) Feeding Operations (Short-term)
    - 1) Assess operational and logistical requirements for feeding.
    - 2) Coordinate state and federal support.
    - 3) Ensure operational infrastructure for feeding.
  - b) Shelter Operations (Short-term)
    - 1) Assess operational and logistical requirements for shelter.
    - 2) Coordinate state and federal support.
    - 3) Coordinate FNSS for shelter residents.
    - 4) Coordinate household pet and service animal support.
    - 5) Coordinate processes for shelter data collection and reporting.
  - c) Emergency Relief Supplies Operations (Short-term)
    - 1) Assess operational and logistical requirements for emergency relief supplies.
    - 2) Coordinate state and federal support.
    - 3) Establish operational infrastructure for distribution of emergency relief supplies.

- d) Reunification Operations (Short-term)
  - 1) Assess reunification services requirements.
  - 2) Coordinate state reunification support.
  - 3) Coordinate with reunification resource providers.
- e) Evacuation Support Operations (Short-term)
  - 1) Assess feeding and sheltering requirements for evacuated individuals at assembly points and along evacuation routes.
  - 2) Coordinate state evacuation support.
  - 3) Establish evacuee accountability processes.
- f) Transition to Long Term Feeding (Intermediate term)
  - 1) Coordinate the implementation of state and federal disaster assistance programs in eligible jurisdictions.
  - 2) Coordinate the implementation of targeted household disaster feeding, if required.
  - 3) Coordinate demobilization of mass care feeding operations.
- g) Transition of Shelter Residents (Intermediate term)
  - 1) Support transition of general population shelter residents, including those with functional and access needs, to temporary or permanent housing.
  - 2) Coordinate daily with shelter providers.
  - 3) Transition responsibility for shelter support to IEOP Annex 17, Long-Term Community Recovery.
  - 4) Coordinate demobilization of shelter operations.
- h) Support Recovery Operations (Long-term)
  - 1) Support Multi-Agency Resource Centers and Disaster Recovery Centers.
  - 2) Coordinate requirements for disaster unemployment assistance.

- 3) Coordinate requirements for temporary disaster employment.
- 4) Coordinate requirements for disaster case management.
- 5) Coordinate client casework for determination of longer term recovery needs.

K. Organization

1. Direction & Control

- a) State agencies and external organizations retain operational control of mass care resources.
- b) The SEOC is the single point of coordination for state support of mass care operations.
- c) For the purposes of unity of command, coordination and management of the SEOC, the SEOC manager will transfer command to the state disaster recovery coordinator at the cessation of short-term recovery and continuation of intermediate and long-term recovery efforts.

2. Coordinating Elements

- a) Emergency Management Assistance Teams (EMAT) may be assigned to support or coordinate local or state strategic operations.
  - 1) For the purposes of support to local or state tactical operations, Incident Management Teams may be assigned under the direct coordination and management of EMAT.
- b) State Unified Area Command (SUAC) and/or State Area Command (SAC) elements may be deployed by the SEOC to coordinate information and resource requirements.
- c) One or more Element Specific Support Functions (ESSF) may be implemented by the SEOC for specific strategic action planning for mass care or mass care sub-functions.
  - 1) ESSFs are responsible for short-term, intermediate and long-term operational planning, coordination and resource allocation.
  - 2) As directed by the SEOC manager, ESSFs will be coordinated and administratively supported by EMAT.

- 3) ESSFs operate as strategic planning and coordinating elements of the SEOC and do not play an operational role.
- 4) Additional agency staff will be assigned to ESSFs based on the level of activation established by the SEOC.
- 5) Strategic and operational guidance on ESSF operations can be found in IEOP Base Plan A-4, Element Specific Support Function Operations.

3. Federal Coordination

- a) SEOC LNOs, state agencies, boards and commissions will coordinate with federal counterparts in accordance with enabling authority.

III. Roles and Responsibilities

A. American Red Cross (Red Cross)

1. Determine necessity of, identify and coordinate opening, management and closing of emergency shelters.
2. Provide basic health support services at Red Cross managed facilities.
3. Coordinate provision of FNSS within Red Cross managed facilities.
4. Establish and maintain public information, messaging and education for the affected population.
5. Coordinate feeding operations.
6. Coordinate distribution of emergency supplies operations.
7. Support reunification efforts in coordination with whole community partners.
8. Provide mass care support for evacuations.
9. Coordinate response and recovery efforts with the whole community.

B. Capital Development Board (CDB)

1. Coordinate administrative processes for construction of temporary mass care facilities and temporary housing.
2. Assist in providing qualified staff or contractors to inspect the structural safety of mass care facilities.

C. Illinois Board of Higher Education (IBHE)

1. Maintain an updated list of primary and secondary response coordinators for each public university campus.
  2. Coordinate use of colleges and universities for mass care.
  3. Coordinate assignment of external resources and personnel with specialized skills (e.g., food service staff, foreign language interpreters, mental health personnel, health care personnel and logistics staff) available to assist in mass care.
- D. Illinois Commerce Commission (ICC)
1. Coordinate with utility companies to arrange for high priority restoration of services.
  2. Assist in coordinating the transportation of emergency supplies by rail.
- E. Illinois Community College Board (ICCB)
1. Coordinate the use of community colleges as mass care facilities.
  2. Coordinate assignment of external resources and personnel with specialized skills (e.g., food service staff, foreign language interpreters, mental health personnel, health care personnel and logistics staff) available to assist in mass care.
- F. Illinois Deaf and Hard of Hearing Commission (IDHHC)
1. Assist in providing interpreters for the deaf and hard of hearing.
- G. Illinois Department of Agriculture (IDOA)
1. Coordinate veterinary care, treatment, shelter and other essential services to household pets and service animals.
  2. Coordinate use of state and county fairgrounds as mass care facilities.
- H. Illinois Department of Central Management Services (CMS)
1. Assist IEMA in the procurement of mass care resources.
  2. Assist in identifying translators and interpreters.
  3. Provide mobile vehicle maintenance support through traveling mechanics.
  4. Coordinate the use of CMS-managed state facilities and property, including state fuel depots and garages.
  5. Assist in recruiting state employees available for assignment at mass care facilities.

6. Coordinate the purchase of state and federal surplus property.
  7. Support the recruitment of armed and unarmed security personnel.
- I. Illinois Department of Children and Family Services (DCFS)
1. Assist with placement of children separated from parents and/or guardians.
  2. Coordinate financial assistance provision for wards of the state.
  3. Provide for youth support services.
  4. Support coordination of emergency day care services.
  5. Provide subject matter experts, and personnel with specialized training necessary for child protective services, to include support for unaccompanied minors.
- J. Illinois Department of Commerce and Economic Opportunity (DCEO)
1. Arrange for the provision and analysis of census data of disaster areas.
  2. Provide information on available housing, lodging and commercial space.
- K. Illinois Department of Corrections (IDOC)
1. Provide offender labor to assist with disaster recovery activities.
  2. Provide staff and support to mass care facilities.
  3. Coordinate assignment of external resources and personnel with specialized skills (e.g., food service staff, mental health personnel, health care personnel and logistics staff) available to assist in mass care.
  4. Coordinate use of correctional institutions for the preparation of meals.
  5. Coordinate use of correctional center laundry facilities.
  6. Arrange for storage of emergency supplies.
  7. Provide products from Correctional Industries.
- L. Illinois Department of Healthcare and Family Services (DHFS)
1. Coordinate the provision of durable medical equipment from network providers.
  2. Provide lists of individuals in the Medicaid program who have been issued durable medical equipment.

- M. Illinois Department of Human Services (IDHS)
  - 1. Coordinate placement and support for clients and customers in Illinois Department of Human Services facilities.
  - 2. Support placement of individuals with Alcohol and Other Drug Abuse (AODA) problems for whom congregate care facilities may not provide appropriate support.
  - 3. Support delivery of AODA prevention, outreach, intervention and treatment services throughout intermediate and long-term recovery.
  - 4. Support assignment of external resources and personnel with specialized skills (e.g., food service staff, mental health personnel, health care personnel, private care attendants and logistics staff).
  - 5. Assist in identifying translators, interpreters and staff experienced in communicating with those with functional needs and other diverse populations.
  - 6. Support identification and coordination of facilities for feeding operations.
  - 7. Provide support and coordination, as outlined in IEOP Annex 17, Long-term Community Recovery, for the following:
    - a) Women, Infants and Children (WIC) program;
    - b) The Crisis Assistance Program; and
    - c) The Disaster Supplemental Food Assistance Program (DSNAP).
  - 8. Assist with identification of staff to support mass care facilities.
  - 9. Support coordination of emergency day care services.
  - 10. Authorize state use of pharmaceuticals.
- N. Illinois Department of Innovation and Technology (DoIT)
  - 1. Provide telecommunications support and technical assistance to mass care facilities, personnel and the affected population.
  - 2. Coordinate use of state information technology services to assist in family reunification and mass care information.
- O. Illinois Department of Natural Resources (IDNR)
  - 1. Coordinate the use of state parks and IDNR facilities in support of mass care operations.

2. Provide logistical support and boat/snowmobile transportation of mass care supplies, personnel and equipment.
  3. Provide staff and support to mass care facilities.
- P. Illinois Department of Public Health (IDPH)
1. Collaborate with local health care providers for public health and medical services.
  2. Provide technical assistance for shelter operations including food safety, safe drinking water, sanitary waste disposal, vector control and structural pest control management.
  3. Assist with determining appropriate medical care facilities for persons determined not to be medically appropriate for placement in mass care facilities.
  4. Coordinate the activation of volunteer disaster medical support based on resource availability.
- B. Illinois Department of Transportation (IDOT)
1. Provide transportation support for mass care operations
  2. Provide disaster intelligence regarding road conditions.
  3. Assist in identifying and locating facilities in close proximity to state-owned transportation systems.
  4. Provide storage of mass care supplies.
  5. Provide IDOT road information radio system and emergency highway signs to broadcast critical information.
- C. Illinois Department of Veterans' Affairs (IDVA)
1. Coordinate the use of Illinois Veterans' Homes and IDVA facilities in support of mass care operations.
  2. Assist in the coordination of assistance to veterans.
  3. Coordinate assignment of IDVA health care personnel.
  4. Provide staff and support to mass care facilities.
- D. Illinois Department on Aging (IDoA)
1. Coordinate and support the implementation of state and federal disaster assistance programs to meet the needs of elderly populations.
  2. Assist with providing FNSS to adult populations.

3. Coordinate and manage contact with elderly populations and their caregivers in the community.
  4. Provide information on status and needs of elderly populations and their caregivers in the community.
  5. Support identification and provision of specialized personnel at designated mass care facilities.
- E. Illinois Emergency Management Agency (IEMA)
1. Coordinate the provision of Disaster Housing and Human Services support outlined in IEOP Annex 17, Long-term Community Recovery.
  2. Establish critical and essential information priorities.
  3. Coordinate the transition from mass care operations to long-term community recovery activities.
  4. Coordinate the state procurement of mass care resources.
  5. Coordinate communications and logistical support including, but not limited to, the following:
    - a) Disaster intelligence support;
    - b) Public information; and
    - c) Safety inspection of mass care facilities.
  6. Through the Radiological Task Force:
    - a) Provide assessment, dose projections and public information related to radiological events.
    - b) Coordinate Radiological Assessment Field Teams to measure radiation in the environment, collect environmental samples, ensure contamination control and sample chain of custody and analyze samples.
    - c) Coordinate radiological detection and decontamination at IPRA Reception Centers.
    - d) Support hospitals by providing technical assistance in establishing facility contamination control protocols and patient radiological surveys.
  7. Through memorandum of understanding with Illinois Emergency Services Management Association:

- a) Provide staff and support to mass care facilities and operations at the local and state levels, as requested.
  - b) Provide generators to mass care facilities and operations.
- F. Illinois Environmental Protection Agency (IEPA)
  - 1. Provide technical assistance on operating and assessing public water supply and wastewater treatment infrastructure, as requested.
  - 2. Provide expertise on assessing and evaluating threats to public health, public welfare and the environment.
- G. Illinois Guardianship and Advocacy Commission (IGAC)
  - 1. Support and advocate for the rights of persons with specific developmental disabilities.
  - 2. Provide lists of clients living in affected areas when requested.
  - 3. Make available or provide legal counsel to persons with specific developmental disabilities where necessary and appropriate.
  - 4. Assume legal guardianship of persons with specific developmental disabilities where necessary and appropriate.
  - 5. Coordinate investigations of complaints alleging that the rights of a person with a specific developmental disability have been violated.
- H. Illinois National Guard (ILNG)
  - 1. Coordinate the use of armories.
  - 2. Provide logistical support and air/ground transportation of mass care supplies, personnel and equipment.
  - 3. Coordinate provision of resources for humanitarian aid and well-being services, life essential needs, and force security and protection.
- I. Illinois State Board of Education (ISBE)
  - 1. Coordinate the acquisition and transportation of United States Department of Agriculture commodity foods.
  - 2. Coordinate the use of public schools as mass care facilities.
  - 3. Coordinate assignment of external resources and personnel with specialized skills (e.g., food service staff, foreign language interpreters, mental health personnel, health care personnel, private care attendants, nutritionists and logistics staff).
- J. Illinois State Police (ISP)

1. Provide force security and protection for mass care operations.
  2. Coordinate the activities of law enforcement mutual aid resources activated through the SEOC in support of mass care.
  3. Coordinate assignment of personnel with specialized training in juvenile services, including services for unaccompanied minors.
- K. Illinois Secretary of State (SOS)
1. Coordinate use of State Capitol Complex facilities.
  2. Coordinate Capitol Police support.
  3. Provide assistance in the replacement of state identification including drivers' licenses, state ID cards, vehicle titles and license plates.
  4. Provide for the issuance of specialized identification for restricted access to mass care facilities.
  5. Coordinate communication support for self-identifying foreign nationals.
- L. Other Agencies
1. Provide personnel and critical resources to support mass care operations as directed.
